
TITLE 329 SOLID WASTE MANAGEMENT DIVISION**SECOND NOTICE OF COMMENT PERIOD**

LSA Document #17-279

WASTE TIRE MANAGEMENT**PURPOSE OF NOTICE**

The Indiana Department of Environmental Management (IDEM) is soliciting public comment on amendments to rules at [329 IAC 15-1](#) through [329 IAC 15-5](#) concerning waste tire management and new rules at [329 IAC 15-6](#) for the legitimate use of waste tires. IDEM seeks comment on the affected citations listed and any other provisions of Title 329 that may be affected by this rulemaking.

SUBJECT MATTER AND BASIC PURPOSE OF RULEMAKING**Basic Purpose and Background**

This rulemaking proposes amendments to the waste tire management requirements at [329 IAC 15](#) and includes many of the amendments originally proposed in LSA Document #12-200, which was withdrawn on March 9, 2016. LSA Document #12-200 was withdrawn because a portion of the proposed amendments pertained to legitimate use of waste tires in lieu of disposal and required additional statutory authority to be considered for adoption. To address this situation, the Indiana General Assembly enacted Public Law 97-2016, which granted authority to the Environmental Rules Board to adopt rules for the legitimate use of waste tires. After the enactment of Public Law 97-2016, IDEM initiated this rulemaking to propose amendments to [329 IAC 15](#) that included proposed requirements for the legitimate use of waste tires.

The main purposes of this rulemaking are to incorporate statutory changes enacted in Public Laws 37-2012 and 97-2016, add requirements for the legitimate use of waste tires, update requirements to be consistent with current conditions in the waste tire management industry in Indiana, update the financial assurance requirements, amend outdated or repetitive requirements, improve accountability and safety for waste tire management, and clarify and improve the rule language.

Specific changes to the waste tire management requirements in [329 IAC 15](#) include the following:

- Addition of the term "passenger tire equivalents" (PTE) as a measurement for the amount of waste tire material, including waste tires that are whole or altered.
- Option for local government units to sponsor waste tire amnesty programs.
- Amendments to the types of facilities that are exempt from the waste tire storage and processing requirements.
- Amendments to the options for waste tire disposal by a source of waste tires.
- Amendments to general requirements for the waste tire transporters.
- Establish standards and procedures for the legitimate use, instead of disposal, of waste tires, including requirements for:
 - proper storage and handling;
 - record keeping; and
 - what constitutes the legitimate use of waste tires.
- Update financial assurance requirements to conform with current industry standards for waste tire facilities and transporters.
- Simplification and clarification of the requirements for operating as a mobile waste tire processing operation.
- Streamlined requirements for application and registration of waste tire facilities and transporters.
- Update waste tire management requirements to improve safety at waste tire facilities and eliminate

unnecessary requirements.

- Compliance alternatives for waste tire management, methods of closure, and contingency plans for mobile waste tire processing operations.
- Clarification of record keeping and reporting requirements for waste tire facilities and transporters.
- Requirements for calculating the amount of PTEs at a waste tire facility and clarification of compliance requirements for facilities that exceed certain thresholds of PTEs.
- Streamlining of closure requirements for waste tire facilities.
- Option to submit information to the department in an electronic format.
- Removal of forms in the rule language.
- Modification of requirements throughout the rules to eliminate repetitive or unnecessary requirements and improve the clarity and accuracy of rule language.

While the amendments in the draft rule for [329 IAC 15-1](#) through [329 IAC 15-5](#) are updates to existing requirements, IDEM is proposing a new rule at [329 IAC 15-6](#) for the legitimate use, instead of disposal, of waste tires. The purpose of requirements for the legitimate use of waste tires is to provide an alternative to the disposal of waste tires that allows the use or reuse of waste tires for a commercially valuable application in a manner that does not pose a threat to human health and the environment, when managed properly. IDEM has developed the legitimate use requirements to provide regulatory clarity and detail for the most common legitimate uses of waste tires and to establish a regulatory framework for other, innovative legitimate uses of waste tires while still maintaining adequate protection of human health and the environment.

The main groups that are affected by the rulemaking include waste tire transporters, processing operations, storage sites, potential applicants for legitimate use of waste tires, and local government units. IDEM does not anticipate that the rule amendments will increase annual operating or compliance costs for the affected entities, although the entities may have an initial administrative cost to initially understand and comply with the amendments. The local government waste tire amnesty program will affect local government units and solid waste management districts that choose to host a waste tire amnesty program. However, because local government units will not be required to host waste tire amnesty programs, they are not subject to additional mandatory requirements or costs.

IDEM seeks comment on the affected citations listed, including suggestions for specific language, any other provisions of Title 329 that may be affected by this rulemaking, and alternative ways to achieve the purpose of the rulemaking.

[IC 13-14-9-4](#) Identification of Restrictions and Requirements Not Imposed under Federal Law

The following elements of the draft rule impose either a restriction or a requirement on persons to whom the draft rule applies that is "not imposed under federal law" (NIFL element or elements):

The following information is provided with each NIFL element:

- (1) The environmental circumstance or hazard dictating the imposition of the NIFL element in order to protect human health and the environment in Indiana; and examples in which federal law is inadequate to provide this protection for Indiana.
- (2) The estimated fiscal impact and expected benefits of the NIFL element, based on the extent to which the NIFL element exceeds the requirements of federal law.
- (3) The availability for public inspection of all materials relied on by IDEM in the development of the NIFL element including, if applicable: health criteria, analytical methods, treatment technology, economic impact data, environmental assessment data, analyses of methods to effectively implement the proposed rule, and other background data.

NIFL Element: None of the amendments to the waste tire rules in [329 IAC 15](#) are imposed under federal law.

- (1) The federal government does not require Indiana to implement a waste tire management program. Individual states can use discretion to develop laws and regulations for the management and disposal of waste tires and alternatives to disposal in that state. The Indiana General Assembly initiated focused management, proper disposal, and market development of waste tires in 1991 with the creation of the Waste Tire Task Force in response to fire and disease vector hazards posed by large, unmanaged stockpiles of waste tires in Indiana. The Indiana General Assembly also enacted statutes at [IC 13-7-23](#) and [IC 13-7-23.2](#) (since recodified) for the management and disposal of waste tires. Subsequently, rule requirements for waste tire management were adopted at [329 IAC 15](#), which are proposed for amendment in this rulemaking.
- (2) The fiscal impact of the rule amendments is discussed in more detail in the Potential Fiscal Impact section of this notice.
- (3) IDEM relied on the following materials for the development of this NIFL element:
 - (a) [329 IAC 15](#).
 - (b) [IC 13-20-13](#) and [IC 13-20-14](#).
 - (c) Indiana Public Law 37-2012 and Public Law 97-2016.
 - (d) Indiana Waste Tire Task Force, Final Report, November 1992.

Potential Fiscal Impact

IDEM does not anticipate a significant fiscal impact from the rule amendments. The amendments do not

require any additional fees for waste tire processing operations, storage sites, or transporters. The rule amendments are not intended to increase normal operating costs for registered facilities that operate in compliance with the current requirements. Affected entities may have reduced administrative and compliance costs with the options for alternative waste tire management requirements in [329 IAC 15-3-17.5](#), alternative contingency plans for mobile waste tire processing operations in [329 IAC 15-3-18.5](#), allowance for an owner or operator of both a waste tire processing operation and a mobile waste tire processing operation to operate under the same registration, and the proposed legitimate use requirements at [329 IAC 15-6](#) that allow legitimate use of waste tires rather than disposal.

In order to understand and comply with the rule amendments, affected entities may need to dedicate administrative time that will vary depending upon the type of facility and the size of the facility's waste tire management operation. In addition, the proposed requirements at [329 IAC 15-3-20.5](#) for recording the daily number of PTEs at a waste tire facility may add some daily administrative burden, but only if the owner or operator is not already recording this information. IDEM estimates this calculation to take less than 0.5 hours of administrative time each day, as the information already should be available on waste tire transporter manifest forms and recorded for purposes of not exceeding the maximum number of PTEs allowed in the facility registration.

Public Participation and Work Group Information

At this time, no work group is planned for the rulemaking. If you feel that a work group or other informal discussion on the rule is appropriate, please contact Dan Watts, Rules Development Branch, Office of Legal Counsel at (317) 234-5345 or (800) 451-6027 (in Indiana).

SUMMARY/RESPONSE TO COMMENTS FROM THE FIRST COMMENT PERIOD

IDEM requested public comment from June 7, 2017, through July 7, 2017, on alternative ways to achieve the purpose of the rule and suggestions for the development of draft rule language. IDEM received no comments in response to the First Notice of Comment Period.

REQUEST FOR PUBLIC COMMENTS

This notice requests the submission of comments on the draft rule language, including suggestions for specific revisions to language to be contained in the draft rule. Comments may be submitted in one of the following ways:

- (1) By mail or common carrier to the following address:

DRAFT RULE

SECTION 1. [329 IAC 15-1-1](#) IS AMENDED TO READ AS FOLLOWS:

[329 IAC 15-1-1](#) Applicability

Authority: [IC 13-19-3-1](#); [IC 13-20-13-11](#); [IC 13-20-14-6](#)

Affected: [IC 13-11-2](#); [IC 13-20-13-1](#); [IC 13-20-14](#); [IC 13-30-2](#); [IC 36-9-30](#)

Sec. 1. (a) This article applies to the following:

- (1) A waste tire processing operations **operation** as defined in [IC 13-11-2-250.5](#).
- (2) A waste tire storage sites **site** as defined in [IC 13-11-2-251](#).
- (3) A waste tire transporters **transporter** as defined in [IC 13-11-2-252](#).
- (4) Retailers as defined in [IC 13-11-2-194\(a\)](#) and other sources of waste tires. **A mobile waste tire processing operation as defined in [329 IAC 15-2-4.8](#).**
- (5) **A person that uses waste tires in a legitimate use, instead of disposal, in accordance with the requirements for the legitimate use of waste tires at [329 IAC 15-6](#).**
- (6) **Other sources of waste tires.**

(b) The provisions of [329 IAC 15-3](#) concerning waste tire storage site and waste tire processing operation certificates of registration do not apply to the following:

- (1) A facility operated as a recycling **solid waste processing** facility under a valid permit issued by the commissioner.
- ~~(2) A site at which waste tires are stored under a recycling program approved by the commissioner.~~
- ~~(3) The site of~~ (2) A facility that is used to retread tires at which fewer than five thousand (5,000) waste tires are present indoors within a completely enclosed structure.
- (3) **A facility used to store waste tires that will be sent to a retread facility for retreading if:**
 - (A) **fewer than five thousand (5,000) PTEs are present;**
 - (B) **all tires designated for retreading are stored indoors within a completely enclosed structure; and**
 - (C) **the facility can document, through receipts or contracts, that a retread facility will take the tires.**
- (4) A vehicle or container in which waste tires are stored for ~~fewer~~ **less** than thirty (30) days.
- (5) A vehicle:
 - (A) that is properly licensed;
 - (B) that is capable of legally transporting waste tires; and
 - (C) in which waste tires are completely enclosed.
- (6) Other uses of waste tires approved by the commissioner under one (1) of the following:
 - (A) [329 IAC 10-3-1\(16\)](#).
 - (B) ~~[329 IAC 11-3-1\(15\)](#)~~. [329 IAC 11-3-1\(13\)](#).
 - (C) ~~[329 IAC 12-3-1\(15\)](#)~~.
- (7) **A waste tire amnesty program sponsored by a local government or solid waste management district (SWMD) in accordance with the following:**
 - (A) **The local government or SWMD shall submit written notice to the department at least thirty (30) days in advance of each amnesty day that includes the following information:**
 - (i) **Date of the amnesty day.**
 - (ii) **Location of the amnesty day.**
 - (iii) **Name of the local government or SWMD sponsoring the amnesty program.**
 - (iv) **Destination for processing and disposal of the waste tires.**
 - (v) **If clause (B) is applicable, the written consent of the property owner or the property owner's authorized representative.**
 - (B) **If the local government or SWMD sponsoring a waste tire amnesty day does not own the property where the waste tires are collected or processed, the local government or SWMD shall obtain the written consent of the property owner or the property owner's authorized representative to use the property.**
 - (C) **Waste tires must be transported from the property by one (1) or more of the following:**
 - (i) **A person designated by the local government or SWMD to transport waste tires in accordance with this subdivision.**
 - (ii) **A registered waste tire transporter.**
 - (D) **Waste tires must be collected and processed by one (1) or more of the following:**
 - (i) **A person designated by the local government or SWMD to collect and process waste tires in accordance with this subdivision.**
 - (ii) **A registered waste tire processing operation.**
 - (iii) **A registered mobile waste tire processing operation.**
 - (E) **All waste tires must be processed or disposed within sixty (60) days after collection in accordance with the following:**
 - (i) **This article.**
 - (ii) **[IC 13-20-14-4](#).**

(iii) **329 IAC 10.**

(F) The local government or SWMD administers the waste tire amnesty program for no more than sixty (60) days in each calendar year, unless the commissioner has approved a longer period in writing.

(8) A facility that:

(A) manufactures tires; and

(B) keeps five thousand (5,000) or fewer waste tires indoors in an enclosed structure.

(9) The disposal of waste tires at mineral extraction operation in accordance with **IC 13-20-14-10.**

(c) A retail operation that cuts or shreds waste tires generated by the retail operation is not subject to the provisions of **329 IAC 15-3** concerning a certificate of registration for a waste tire processing operation.

[329 IAC 15-5-5](#) Trust fund

Authority: [IC 13-19-3-1](#); [IC 13-20-13-11](#)

Sec. 5. (a) The owner or operator of a waste tire storage site may comply with this section by establishing a trust agreement on:

- (1) forms provided by the department; or
- (2) other forms approved by the department.

(b) Each trust agreement must do the following:

- (1) Identify facilities and corresponding closure cost estimates covered by the trust agreement.
- (2) Establish a trust fund, in an amount determined by section 3 of this rule, that guarantees that payments from that fund either:
 - (A) reimburse the owner or operator of the waste tire storage site for department-approved closure work done; or
 - (B) pay the department for doing required closure work.
- (3) Require that annual valuations of the trust **fund** be submitted to the department.
- (4) Require successor trustees to notify the department, in writing, of their appointment at least ten (10) days before the effective date of the appointment.
- (5) Require the trustee to notify the department, in writing, of the failure of the owner or operator of the waste tire storage site to make a required payment into the fund.
- (6) Establish that the trust is irrevocable unless terminated, in writing, with the approval of the:
 - (A) owner or operator of the waste tire storage site;
 - (B) trustee; and
 - (C) department.
- (7) Certify that the signer of the trust agreement for the owner or operator of the waste tire storage site was duly authorized to bind the owner or operator of the waste tire storage site.
- (8) All signatures must be notarized by a notary public commissioned to be a notary public in Indiana at the time of the notarization.
- (9) Establish that the trustee is:
 - (A) authorized to act as a trustee; and is
 - (B) an entity whose operations are regulated and examined by a federal or state of Indiana agency.
- (10) Require that annual payments into the fund be made within thirty (30) days ~~of~~ **after** each anniversary of the initial payment.

(c) **The owner or operator of the waste tire storage site shall make** payments into the trust ~~must be made~~ **fund** as follows:

- (1) The owner or operator of the waste tire storage site shall make a payment into the trust fund each year during the pay-in period.
- (2) The maximum pay-in period is five (5) years. The pay-in period commences on the date the site first receives waste tires.
- (3) Annual payments are determined by the following formula:

$$\text{Annual Payment} = \frac{\text{CE} - \text{CV}}{\text{Y}}$$

Where:

CE	=	Current cost estimate.
CV	=	Current value of the trust fund.
Y	=	Number of years remaining in the pay-in period.

(4) The owner or operator of the waste tire storage site shall:

- (A) make the initial payment before the beginning of the pay-in period; ~~The owner or operator of the waste tire storage site shall also, before the beginning of the pay-in period, and~~
- (B) submit to the department a receipt from the trustee for this first annual payment.
- (5) Subsequent payments must be made no later than thirty (30) days after each anniversary of the first payment.
- (6) The owner or operator of the waste tire storage site may accelerate payments into the trust fund or may deposit the full amount of the current cost estimate at the time the fund is established.
- (7) The owner or operator of the waste tire storage site shall maintain the value of the fund at no less than the value would have been if annual payments were made as specified in subdivision (3).
- (8) If the owner or operator of the waste tire storage site establishes a trust fund after having used one (1) or more alternative mechanisms, the first payment must be in at least the amount the fund would contain if the trust fund were established initially and payments **had been** made as provided in subdivision (3).

(d) The trustee shall evaluate the trust fund annually, as of the day the trust **fund** was created or on ~~such an~~ earlier date ~~as may be~~ if provided in the agreement. The trustee shall notify the owner or operator of the waste tire storage site and the department within thirty (30) days after the evaluation ~~date~~: **of the trust fund**.

(e) **The owner or operator of the waste tire storage site may request** release of excess funds ~~may be requested~~ as follows:

- (1) If the value of the financial assurance is greater than the total amount of the current cost estimate, the owner or operator of the waste tire storage site may submit a written request to the department for release of the amount in excess of the current cost estimate.
- (2) Within sixty (60) days after receiving a request from the owner or operator of the waste tire storage site for a release of funds, the department shall instruct the trustee to release to the owner or operator of the waste tire storage site ~~such the~~ funds ~~as that~~ the department specifies in writing to be in excess of the current cost estimate.

(f) **The owner or operator of the waste tire storage site may request** reimbursement for removal expenses ~~may be requested~~ as follows:

- (1) After initiating removal, the owner or operator of the waste tire storage site, or any other person authorized to perform removal, may request reimbursement for removal expenditures by submitting itemized bills to the department.
- (2) Within sixty (60) days after receiving the itemized bills for removal activities, the department shall determine whether the expenditures are in accordance with the removal plan. The department shall instruct the trustee to make reimbursement in ~~such~~ amounts ~~as that~~ the department specifies in writing in accordance with the removal plan.
- (3) If the department determines, based on available information, that the cost of removal will be greater than the value of the trust fund, the department shall withhold reimbursement of ~~such~~ amounts necessary to accomplish removal until it is determined that the owner or operator of the waste tire storage site is no longer required to maintain financial assurance for removal. In the event the fund is inadequate to pay all claims, the department shall pay claims according to the following priority:
 - (A) A person with whom the department has contracted to perform removal activities.
 - (B) A person who has completed removal authorized by the department.
 - (C) A person who has completed work that furthered the removal.
 - (D) The owner or operator of the waste tire storage site and related business entities.

Authority: [IC 13-19-1-2](#); [IC 13-19-3-1](#); [IC 13-19-3-1.3](#); [IC 13-20-13-11](#)

Affected: [IC 13-11-2-57](#); [IC 13-11-2-118.4](#); [IC 13-19-3](#); [IC 13-20-13-11](#); [IC 13-30-2](#); [IC 36-9-30](#)

Sec. 1. (a) This rule applies to the legitimate use, instead of disposal, of waste tires in accordance with:

- (1) the definition of legitimate use at [IC 13-11-2-118.4](#);
- (2) the requirements for legitimate use at [IC 13-19-3-1.3](#) and [IC 13-20-13-11\(c\)](#); and
- (3) this article.

(b) A person may use waste tires in a legitimate use if the:

- (1) legitimate use is specified in section 3 of this rule; or
- (2) commissioner issues an approval for a legitimate use under section 4 of this rule.

(c) A person that uses waste tires in a legitimate use shall comply with the applicable requirements of this article.

(d) A person may not use waste tires in a way that creates a threat to human health or the environment, including the following:

- (1) A fire hazard.
- (2) A vector attraction.
- (3) A nuisance.
- (4) Discharge to waters.
- (5) Violation of environmental management laws or rules.
- (6) Other uses that are not considered to be legitimate uses, including the following:
 - (A) A fill application constituting disposal as defined at [IC 13-11-2-57](#).
 - (B) Closure of an open dump under [329 IAC 10-4-4\(a\)\(1\)\(B\)](#).
 - (C) A use that is primarily to avoid the costs and requirements associated with the processing and disposal of waste tires.

(e) Unless otherwise noted, the requirements of this rule for the legitimate use of waste tires do not apply to the following:

- (1) Approvals issued by the commissioner under [329 IAC 10-3-1\(16\)](#) and [329 IAC 11-3-1\(13\)](#) for the legitimate use of waste tires before the effective date of this rule.
- (2) Use of waste tires in the construction or operation of a solid waste land disposal facility in accordance with a solid waste land disposal facility permit issued under [329 IAC 10](#).

[329 IAC 15-6-2](#) Management of waste tires in a legitimate use as solid waste

Authority: [IC 13-19-1-2](#); [IC 13-19-3-1](#); [IC 13-19-3-1.3](#); [IC 13-20-13-11](#)

Affected: [IC 13-11-2-146](#); [IC 13-30-2](#); [IC 36-9-30](#)

Sec. 2. (a) A person is not subject to the applicable solid waste management requirements for waste tires under [329 IAC 10](#), [329 IAC 11](#), and this article, if the person:

- (1) uses waste tires in a legitimate use as specified in section 3 of this rule or receives an approval from the commissioner under section 4 of this rule for the legitimate use of waste tires; and
- (2) complies with the requirements of this rule for the legitimate use of waste tires.

(b) The commissioner may determine a legitimate use of waste tires to be an open dump, in accordance with [IC 13-11-2-146](#), [IC 13-30-2-1\(4\)](#), and [IC 13-30-2-1\(5\)](#), for any of the following reasons:

- (1) The legitimate use is no longer serving the purpose specified in section 3 of this rule or the approval issued under section 5 of this rule.
- (2) The legitimate use is modified without the approval required under section 6(a)(2) of this rule.
- (3) The legitimate use violates conditions of the legitimate use approval issued under section 5 of this rule.
- (4) The legitimate use poses an unreasonable threat to human health or the environment, as specified in section 1(d) of this rule.

(c) If the commissioner determines that a legitimate use of waste tires is an open dump under subsection (b), the person using waste tires in the open dump shall remove and dispose of the waste tires in accordance with section 10 of this rule, unless the commissioner approves a modification under section 5(a)(2) of this rule.

(Solid Waste Management Division; [329 IAC 15-6-2](#))

[329 IAC 15-6-3](#) Preapproved legitimate uses of waste tires

Authority: [IC 13-19-1-2](#); [IC 13-19-3-1](#); [IC 13-19-3-1.3](#); [IC 13-20-13-11](#)

Affected: [IC 13-30-2](#); [IC 36-9-30](#)

Sec. 3. (a) A person using waste tires in a legitimate use specified in subsection (b) shall comply with:

- (1) the applicable requirements in sections 6 through 10 of this rule; and
- (2) other applicable federal, state, and local laws, regulations, and ordinances pertaining to the specific activity.

(b) A person may use waste tires for the following legitimate uses without submitting an application to the department:

- (1) The use of tire chips as an aggregate in soil absorption systems for on-site sewage systems, in accordance with the following:
 - (A) The on-site sewage system is approved by:
 - (i) the Indiana state department of health; or
 - (ii) a local health department that is authorized by the Indiana state department of health.
 - (B) Any layer of tire chips may not be thicker than ten (10) feet.
- (2) The use of tire chips as playground mulch that meets ASTM F3012-14*, Standard Specification for Loose-Fill Rubber for Use as a Playground Safety Surface under and around Playground Equipment.
- (3) The use of tire-derived crumb rubber as a playing or recreational surface that meets ASTM 1292-17a*, Standard Specification for Impact Attenuation of Surfacing Materials Within the Use Zone of Playground Equipment.
- (4) The use of tire-derived crumb rubber for athletic fields that are:
 - (A) size No. 6 through No. 200 mesh for crumb rubber; and
 - (B) wire free.
- (5) The use of tire chips for landscaping mulch that are:
 - (A) less than two (2) inches in size for any dimension; and
 - (B) wire free.
- (6) Rubber molded or extruded products.
- (7) Precision-cut, precision-punched, or precision-stamped rubber products that qualify for sale as consumer goods.
- (8) Weights to restrain a tarp or other cover material that are altered to prevent the accumulation of water.
- (9) The use of waste tire sidewalls as a base for traffic barrels or cones.
- (10) Alternative fuel at a facility that is registered to accept waste tires as alternative fuel under [329 IAC 11.7](#).
- (11) Race track barriers that are altered to prevent the accumulation of water.
- (12) Base or bedding in dairy freestall barns that are altered to prevent the accumulation of water.

Sec. 4. (a) For a proposed legitimate use of waste tires that is not specified in section 3 of this rule, a person shall obtain an approval from the commissioner in accordance with this section before the person may use waste tires in the legitimate use.

(b) A person that intends to use waste tires for a legitimate use that is not specified in section 3 of this rule must submit an application to the department for a legitimate use of waste tires on a form provided by the department that includes the following information:

- (1) The name, address, and contact information of the applicant.
- (2) The location and address of the property where the legitimate use is proposed.
- (3) If the owner of the property where the legitimate use is proposed is not the person submitting the application, the following information:
 - (A) Name, address, and contact information of the property owner.
 - (B) Written consent and signature from the property owner.
- (4) The amount of waste tires in PTEs expected to be used for the legitimate use.
- (5) The sources of the waste tires expected to be used for the legitimate use.
- (6) The locations of waste tire storage areas expected to be used for the legitimate use, if the locations are not at a registered waste tire processing operation or waste tire storage site.
- (7) A detailed description of the following:
 - (A) The legitimate use.
 - (B) A justification for the legitimate use of waste tires, including how the legitimate use:
 - (i) is a comparable substitute for an analogous material normally used for the specified purpose;
 - (ii) achieves the specified purpose; and
 - (iii) is commercially valuable for an established or emerging market.
 - (C) How the person using waste tires in a legitimate use will prevent nuisances during the legitimate use.
- (8) Engineering diagrams, testing, plans, or specifications for the legitimate use, if applicable for the specified purpose.
- (9) Plans for the legitimate use as a structure or structural fill, including certification from a professional engineer registered under [IC 25-31](#), if applicable for the specified purpose.
- (10) Other supporting documentation for the information required in this subsection.
- (11) Other information that the commissioner deems necessary to comply with the requirements of this rule.

(c) The commissioner shall consider the following to make a determination on an application:

- (1) The person has submitted a complete and accurate application, in accordance with this section.
- (2) The person complies with all applicable requirements of this rule for the legitimate use of waste tires.
- (3) Any additional information that the commissioner deems necessary to make a determination on the application.

(d) After review of the application, the commissioner shall provide written notification to the applicant with one (1) of the following determinations:

- (1) Approval of the application that may include specific conditions applicable to the approved legitimate use.
- (2) Request for additional information for the application before making a determination. Within thirty (30) days after the request for additional information, the applicant shall do one (1) of the following:
 - (A) Withdraw the application with a written notification to the commissioner.
 - (B) Submit the requested information or agree to the requested changes.
 - (C) Submit a written request and receive approval from the commissioner for an extension of time to

comply with the commissioner's request for additional information.

(3) Denial of the application, for one (1) or more of the following reasons:

(A) The application is incomplete.

(B) The applicant has failed to comply with the requirements of this article.

(C) An enforcement action is pending against the applicant.

(D) The applicant does not submit the additional information that the commissioner requested under subdivision (2) within thirty (30) days after the request.

(e) An applicant may submit a copy of the application for a legitimate use of waste tires in electronic format as prescribed by the commissioner and in accordance with [IC 13-14-13](#). Any documents submitted in an electronic format also must be submitted as a paper copy unless the commissioner makes a determination that only an electronic copy is needed.

(f) The commissioner may require one (1) or more of the following conditions for an approved legitimate use of waste tires:

(1) Notice of completion from the person that uses waste tires in a legitimate use.

(2) Restrictive covenant as defined at [IC 13-11-2-193.5](#).

(3) Any other conditions as determined by the commissioner.

(g) A legitimate use approved under this section is valid for no more than five (5) years from the date of approval.

Sec. 5. (a) During the term of a valid approval for a legitimate use of waste tires, the following requirements apply:

(1) If the contact information provided in the application changes, the person using waste tires in a legitimate use shall provide the updated information to the department no more than thirty (30) days after the information changes.

(2) A person using waste tires in an approved legitimate use that intends to modify the legitimate use shall do the following before implementing the modification:

(A) Submit an updated application to the department for approval with the information required in section 4(b) of this rule that describes the modification.

(B) Receive approval for the updated application from the commissioner.

(b) An approval for the legitimate use of waste tires issued under section 4 of this rule is not transferable to a different person.

(c) A person may renew an ongoing legitimate use approval of waste tires in accordance with the following:

(1) The person shall submit an updated application to the department for the ongoing legitimate use approval with the information required in section 4(b) of this rule no less than sixty (60) days before the expiration of the existing valid approval.

(2) The person shall not continue the legitimate use of waste tires until approval for the renewal has been received from the commissioner.

(d) A person that does not renew an ongoing legitimate use approval of waste tires in accordance with this section before the expiration date of the approval shall cease any activity pertaining to the legitimate use until the legitimate use approval is reissued.

Sec. 6. (a) A person may store waste tires for a legitimate use at the following locations:

- (1) A registered waste tire processing operation or waste tire storage site, in accordance with this article.
- (2) A location other than a registered waste tire processing operation or waste tire storage site, in accordance with subsection (b).

(b) A person storing waste tires for a legitimate use at a location other than a registered waste tire processing operation or waste tire storage site shall comply with the following requirements:

- (1) All wastewater from the waste tires stored for a legitimate use must be discharged in accordance with the requirements at [327 IAC 5](#) and [327 IAC 15](#).
- (2) A person storing waste tires for a legitimate use may not do any of the following:
 - (A) Pose an unreasonable threat to human health or the environment.
 - (B) Create a nuisance.
 - (C) Allow or perform an act prohibited under [IC 13-30-2-1](#).
 - (D) Store waste tires in areas of standing water.
- (3) A person storing waste tires for a legitimate use shall take actions required to:
 - (A) prevent the breeding of mosquitoes and other disease vectors; and
 - (B) control any population of mosquitoes and other disease vectors.
- (4) A person storing waste tires for a legitimate use shall prevent water from accumulating in the waste tires by doing the following:
 - (A) Drain the waste tires:
 - (i) on the day of receipt; and
 - (ii) as necessary thereafter to prevent accumulation of water in the waste tires.
 - (B) Store the waste tires in a manner that prevents accumulation of water in the waste tires.
- (5) A person may not store waste tires for a legitimate use for more than forty-five (45) days prior to use, except for one (1) or more of the following situations:
 - (A) An extension is approved in writing by the commissioner.
 - (B) An alternative timeframe is included in the legitimate use approval.
 - (C) The person storing waste tires for legitimate use is issued a certificate of registration for a waste tire storage site under [329 IAC 15-3-8](#) and complies with the applicable requirements of this article for a registered waste tire storage site.

(c) If a person storing waste tires for a legitimate use in accordance with subsection (b) accumulates more than the amount of PTEs specified in [IC 13-11-2-251](#), the person shall:

- (1) apply for a certificate of registration for a waste tire storage site; and
- (2) cease accumulation of additional waste tires until the commissioner issues a certificate of registration to the person storing waste tires for a legitimate use.
